The License grants you, the purchaser, an ongoing, non-exclusive, worldwide license to make use of the Product in personal projects, in accordance with the EULA.

Right to commercial use
The License grants you, the purchaser, an ongoing, non-exclusive, worldwide license to make use of the Product in commercial projects, in

accordance with the EULA.

Right to modification
You may modify the resources according to your requirements.

Right to create the End Product
You may use the Product to create End Products in accordance with the EULA. The End Product is a customised implementation of the Product requiring an application of skill and effort (f.e. a webiste build with MDB Template with customized, modified content is an End Product because it requires skill and efort while a webiste which is literally copy-pasted MDB Template isn't).

Lifetime usage
You are entitled to use the purchased Product for life (maintainance features f.e. Premium Support, are perpetual - you don't have to renew them but you can).

Maintainance
At the moment of the Product purchase you are granted 12 months of maintainance - this period can be extended in accordance with the Maitainance Terms, but there's no automatic reocurring fees.

User limits

Individual license
The Individual license is assigned to one person. Products with this license can be used only by the person that the are assigned to.

Startup license
The Startup license is assigned to a company / organization. Products with this license can be used by up to 3 people. The users have to be official employees of the company or organization. The license covers both current and future employees.

Entreprise license
The Entreprise license is assigned to a company / organization. The limits of license users are agreed upon purchase. The users have to be official employees of the company or organization. The license covers both current and future employees.

Project limits

One project

With One project license you are entitled to create one single End Product for yourself or for one client (f.e. a single webiste or application)

Unlimited projects
With Unlimited projects license you are entitled to create unlimited End Products for yourself or for multiple clients.

Restrictions

Unauthorised redistribution
You cannot redistribute, resell, lease, license, sub-license or offer the Product directly or non-directly to any other third party, without an explicit agreement with StartupFlow s.c.. Learn more about the Reseller Terms.

Product usage by end-user
You cannot permit an end user of the End Product to use the Product separately from the End Product. (f.e. Your client can use the website X that you've built for him, but he cannot build another website Y himself using the files installed for the website X.

Open source
You cannot redistribute any of the software, or products created with MDB software to repositories like Github, where they are publicly available or include into any Open Source projects.

Competition
You cannot use the Product to create any End Products that would compete with the Product itself. (f.e. you cannot use MDB Pro to create a framework, library, design system, CMS, template, plugin or a page generator).

Maintainance Terms

Every purchase of MDB Pro Unlimited, Plugin Pack and Bundle has 12 months of maintainance features included.

Maintainance features include:

- Premium Support - your tickets are quranteed to be answered by a professional
- GitLab repository access - acces to a repository on git.mdbootstrap.com
- Unlimited Updates - access to all Product updates released within

the maintainance period

For Bundles maintainance features also include:

- Priority Support - your tickets are prioritized before any other
- VIP early access - we'll reach out to you with early access to our new projects

After a period of 12 months the user still has the right to use the latest version of his license for life. In order to get further maintenance, he needs to extend the license. MDB reserves the right to notify every customer 65 & 3 days before the expiration date and then 3 & 57 days after the expiration date. Notifications will be sent on the email address used for the purchase. Notifications will be sent in order to prevent the project failures and other issues related to the unexpected loss of access to GitLab repository. The customer cannot unsubscribe from those 4 transactional emails.

The cost of the license renewal depends on the payment date.

1. For prepaid renewals (purchased before the current license expiration) the cost will be 50% of the Product price
2. For standard renewals (purchased within the period of 60 days, after the current license expiration) the cost will be 60% of the Product price
3. For late renewals (purchased after the period of 60 days, after the current license expiration) the cost will be 100% of the Product price
